clear nightguard with.....

FLEX!

---

## CLEARsplint™

---

- CLEARsplint is a modified composite with flexibility for nightguards and splints.
- CLEARsplint is amine free, will stay clear and will not yellow.
- CLEARsplint is self adjusting when placed in hot water before insertion in the mouth.
- CLEARsplint is MMA free and therefore is non-allergenic.
- CLEARsplint's wearability and patient comfort is rated excellent.
