

# Advanced Designs

Advanced Designs will have a slightly higher cost than standard designs due to the additional production time required.

DENTAL  
LABORATORIES

We will make every effort possible to satisfy patient requests, however, some lower arches may not accommodate custom designs as shown and may need to be simplified or reduced to a corresponding single color. Also, many designs with expansion screws may need to be altered or simplified.

# Standard Designs

Standard Designs will have a slightly higher cost than standard colors due to the additional production time required.
